

International Association of
Universities of the Third Age

105th CA/GB and International Conference

October 2019
AUT - Byblos, Lebanon

A Brief Introduction of Lebanon

At the crossroads between East and West, Lebanon is a tiny country on the Mediterranean with a population of 4 million over an area of 10452 square kilometers. Lebanon's climate is Mediterranean, moderate with 4 distinct seasons.

The average temperature on the coast in the summer is around 30 degrees Celsius and is around 24 degrees Celsius in mountain areas while the average temperature on the coast in the winter is around 13 degrees Celsius and is around 2 degrees Celsius in mountain areas

Lebanon's coastline stretches over 220 kms from South to North.

Languages spoken are Arabic, English and French.

American University of Technology

The AUT U3A is located in Byblos, a city 35 kilometers north of Beirut, the birthplace of the alphabet. AUT was founded in 2000 while its U3A started in 2016.

AUT operates 3 campuses outside of main campus: 2 in North Lebanon and 1 in the South

The Total enrollment is 1400 students in its three faculties

There are 75 students in the U3A division.

AUT is a Recognized Teaching Center for University of London and it offers joint degree programs with State University of New York. AUT also offers exchange opportunities with over 6 universities in Europe, the USA and the Middle East
